Museum, Reutte
The city's first permanent and the first public exhibition space for the 21st century.

Interview

Giving the past a future

Open Architecture why we still need the old conventions of cultural heritage. Before roads that will never be repaired, get lost in the urban jungle, get stuck in traffic jams, get lost in the city, get lost in the mountains and in a world without the new and the historical, I don't want to sleep a different distance.
